## Bandage Cohesive Glitter (10cm)

The Petflex range of Glitter bandages from Andover are all made in the USA. The glitter particles are made of plastic and are non-toxic but it is recommended that they are not applied directly to a wound surface.

- Reverse wound for easy use
- Petflex bandages all tear by hand
- 16lb tensile strength
- Extremely strong and durable
- Water and sweat resistant
- Won't tighten after application

## Kong Dog Toys

Kong Blue is a veterinary exclusive toy made with all natural, highly puncture-resistant, radiopaque rubber. Kong Blue is 25% stronger than other Kong toys found in pet shops (in excess of 3800psi), and is perfect for play, teething, chewing, crate training or for separation anxiety, therapy for boredom and recovering dogs.

Kong Blue cleans teeth and conditions gums. Dogs should be able to comfortably grip the toy in their mouth. If the toy fits completely inside the mouth, it is too small. When in doubt size up for safety. Used internationally by police K9 teams.

Size	Weight (kg)	Code
Small	Up to 9	222 696
Medium	6.5–16	222 697
Large	13.5–30	222 698
X–Large	27–39	222 699
XX–Large	39+	222 700
